

POLICY HS6

PLANNING PERMISSION WILL NOT NORMALLY BE GRANTED FOR DEVELOPMENT ON SITES OUTSIDE OF THE EXISTING BUILT UP AREAS OF DAVENTRY OTHER THAN THOSE SPECIFICALLY IDENTIFIED IN THIS LOCAL PLAN.

- 4.35 The specific land allocation for residential development at Daventry in this Plan has been identified following an analysis of potential development sites. No other land is considered suitable for this purpose and further development outside of the existing built up area of the town will be considered to be an encroachment into open countryside.
- 4.36 The rural hinterland is an important characteristic of Daventry which the restriction of development to identified sites will retain.
-
