FAO Jane Parry

Dear Jane

The Brixworth Parish Council through its Neighbourhood Plan Steering Group has been working closely with the Daventry District Council on the revision and updating of the Brixworth Neighbourhood Plan. The Daventry District Council response to the submission made by the Parish Council was received last week and considered carefully at our meeting on Thursday 25th March 2021. It has always been our aim to work with the Daventry District Council to update the Neighbourhood Plan in line with the 2019 NPPF and the 2020 SCLP and this review has made a number of minor amendments to reflect the factual changes since the Plan was first Made in in December 2016.

The Council is pleased to accept all of the recommendations made by Daventry District Council and it looks forward to an exchange of letters confirming that the amendments are indeed minor and that we are then able to use the March 2021 revision in considering planning issues in the future.

I enclose the March 2021 Revision and the abridged tracked changes of the paragraphs that we have agreed to alter in line with your latest recommendations.

Can I record my thanks to the collaboration in preparing this paperwork. Your continued advice and support in the revision work has been most appreciated.

Yours sincerely

Peter Rowbotham
Parish Clerk
Brixworth Parish Council
