Comments Received from Stakeholders Parish Council – Ideal location for a polling station for most of the local communities around us. Has worked well as a polling station for many years. Councillor Lomax - polling stations in my ward are convenient, fully accessible, and have facilities for elections staff refreshment. Voter - Parking may be an issue for those coming by car. Otherwise the location is fine. Voter - Very limited street parking due to double yellow lines. The building is all on one floor, no steps, so there's adequate space/lighting so think disabled access isn't an issue. Parish Councillor - Ideal as in the centre of the village
