Increase in young people from census figures over the next five years 64			
Planned or proposed new developments to 2023			
75 dwellings across 2 polling stations			
Comments Received from Stakeholders			
<p>Councillor Griffin - I have no reason to object to any of the previously established Polling Stations as we did review them in the recent past. I am unable to offer alternatives and have not received any objections.</p> <p>Voter - Fantastic building to use, ok for parking and in walking distance for most of the area.</p> <p>Voter - No parking, cold and strange to have 2 different stations in village, when social club has an accessible large hall suitable for a double or even triple station with more than adequate facilities and car parking.</p> <p>Voter - There are no problems with this location.</p> <p>Voter - The Polling Place is centrally located within the village of Woodford Halse and is approximately a mile and a half from where I live. Street parking outside the hall is good and the polling station is spacious and airy. I have never encountered any issues when casting my vote.</p>
