Comments Received from Stakeholders Councillor Parker - I visited all the above polling stations in May 2018 and confirm they meet the criteria. Voter - Building is adequate, the community centre at the library would also be suitable Parish Councillor - Village Hall is ideal due to central location, easy accessible access and car parking Voter - Parking not easy. Very busy. Too small Voter – Perfect Voter - Parking a bit cramped. Not too bad but we are a growing village. Perhaps new doctors surgery is good place or primary school.			
Returning Officer Comments			
Location/Suitability	Good transport links including public.		
Car Parking	Adequate parking, disabled parking		
Access	Level throughout, well-lit		
Staff Facilities	Toilets, kitchen & heat (not coin operated)		
Alternative Locations	Comments		
Community Centre at the Library	The requirements of DDC are such that there should be adequate plans and facilities to evacuate persons with mobility issues from the potential first floor polling station. At this point in time, as the community room that we viewed does not meet this specification, DDC are unable to use this venue for the Elections.
